

QUEEN CANDIDATE . . . She is the daughter of Mr. and Mrs. Laurence Sargent of Torrance.

lays for equipment, capital improvements in the estimate are limited to the proposed addition and expansion of the city hall which will be financed from the funds received

for sale of the downtown city hall last year.
Commenting on operations of the proprietary departments, Stevens said the airport would continue to operate entirely on revenue from operation and leasing of airport land and facilities. A savings of nearly

\$20,000 a year to the city in operation of the airport tower can be effected if the federal government takes over that function when a new tower is completed.
THE WATER department also will operate on its own

revenues, and will transfer approximately \$144,000 to the general fund in lieu of property taxes and franchise fees which a private utility would be required to pay.
Not quite so solvent is the city's bus department, which will probably have to be sub-

sidized with general fund expenditures of approximately \$57,000 this year, Stevens reported.
AN ESTIMATED 7 per cent increase in assessed valuations of the city to a new total of \$208,000,000, a 36 per

cent increase in sales tax revenue to \$1,225,000, and an 85 per cent increase in fines and forfeitures during the coming year were cited in the city manager's recommendation to maintain the present over-all tax level.

IN PREMIERE . . . Eleanor Regan will introduce Louis Palange's Romantic Concerto for piano and orchestra when she makes her second appearance with the Beach Cities Symphony at the Redondo Union High School Auditorium tomorrow evening at 8:30. Other selections from Mendelssohn, Tchaikovsky, Debussy and Puccini will be presented by the orchestra.

Wallace E. Bangs, apprentice petty officer first class, U.S.N., son of Mr. and Mrs. Frank E. Bangs of 4013 W. 184th st., graduated May 20 from nine weeks of Recruit Training at the Naval Training Center, San Diego.
